**Importance:** High

Commissioners:

Per Kathy Moreno (HR representative), OSHA has just arrived in Williston. Moreno stated it is expected that OSHA will be conducting an interview and paperwork review with Indianhead Pipeline Services, LLC (DAPL subcontractor), as well as a site investigation. Although work has resumed in the area of the incident, the immediate area has been fenced to preserve the scene.

Moreno indicated that she will call me tomorrow with any new information.

Thanks,  
Julie
